Saturday, January 27: Artist Talks

Bret Reilly

A Colorful Career

Booth 718/819

2:00pm

Bret Reilly is a multi-hyphenate sculptor/musician/designer. His sculptures have been exhibited at Tang Museum in Saratoga Springs, NY as well as in multiple markets including New York City, Miami, Martha's Vineyard, and Rye, NY, with commissions placed worldwide. As a musician he has performed at more than 200 concerts and written more than 400 songs, three of which appeared in Farrelly Brothers motion pictures. Bret has also patented a minimalist lounge chair, designed a sofa collection for Fendi Casa and continues to develop his functional creations. Join Bret as he discusses his colorful career.

HRH Prince Nikolaos

Dialogos

Moderated by Marilena Koutsoukou & Ethan Cohen

VIP Lounge

3:00pm

Dialogos by HRH Prince Nikolaos showcases a fusion of ethereal photographs and luminous marble. The artist digitally imprints abstract and elemental images directly onto marble inviting the onlooker to inhabit the evanescent zone between the solid and the visionary. Through the artist's uniquely crafted technique of digital transference, we swim in his native Greek dimensions of statuary, sand, sea, and light in a frozen wave of eternal time.

Key pieces of the show are landscape images on white marble, three tables and a cabinet, where the white marbles of Thassos are combined with a sculpted bronze patinated base. HRH Prince Nikolaos is fascinated by the grace of light found in Greek nature, something which he constantly seeks to recreate.

DIVERSEartPB Highlight

Immersive Experience:

BE WATER by ANTUAN

Curated by Marisa Caichiolo

Presented by AAL Museum – Santiago, Chile

The immersive installation “Be Water” presents a visual narrative that delves into the multifaceted dimensions of water in nature and human life. Antuan’s creation of the Human Net, a human geometric structure visible in each sculptural piece, symbolizes the symmetry of the universe, elemental purity, and omnipresent wisdom. The characters within the installation represent the unity of humanity in the face of the urgent need to address the global water crisis, highlighting the essential collaboration between humanity and AI to create a new network of human consciousness. This interconnectedness is crucial in working collectively to tackle the challenges posed by the water crisis and establish a new order for the planet.

The installation places a particular emphasis on the intrinsic memory of water and explores how AI can effectively convey the significance of this vital element to humanity. This exploration seamlessly integrates art, science, space, metaphysics, energy, and the compassionate stewardship of our planet.

Featured Exhibition Highlight

Nikoleta Sekulovic

Presented by Rebecca Hossack Art Gallery
Booth 206

At Art Palm Beach, the Rebecca Hossack Art Gallery introduces a remarkable new collection by Madrid-based painter Nikoleta Sekulovic. Known for her depiction of the nude female form, Sekulovic's latest works feature clothed figures set against rich, decorative backdrops in period attire. These pieces pay tribute to historical figures like Countess Ada Lovelace and Kate Sheppard, reflecting on identity through symbolic homage. A highlight is Sekulovic's portrayal of British writer E.M. Forster, her first male subject, which echoes the craftsmanship and design philosophy of the Pre-Raphaelites and William Morris.

Sekulovic's unique approach includes integrating Morris's floral designs and inscribing poetry on her canvases, connecting the ideals of her subjects with her artistic vision.

Sekulovic's international acclaim has led to exhibitions across Europe, the US, and Asia,

including three solo shows at the Rebecca Hossack Art Gallery in London. Her works are featured in private collections worldwide.
